MGB REGISTER LECTURE

THURSDAY 7th OCTOBER 2010

Organised by the MGB Register of the MG Car Club.
Supported by Moss-Europe

BLOODHOUND SSC.

ANDY GREEN
at
AMEY THEATRE, ABINGDON SCHOOL, ABINGDON
OXON OX14 1DE
~ doors open 6.30 for 7.30 start ~

The inaugural lecture in the newly announced series promoted by the MGB Register will feature Andy Green, the current World Land Speed record holder in Thrust SSC who has agreed to come and talk to us about Bloodhound SSC the latest project that he is associated with.

This is one of the great British engineering projects of this new century; it is a serious attempt to break the 1000mph barrier on land. The project has the additional objective to inspire the next generation of engineers while keeping the record in Britain. The project is now beginning to pick up momentum as major sponsors come on board. Andy will enthral the audience with tales of record breaking attempts, he also holds the World Land Speed Record for diesel driven cars, and will tell his audience about Bloodhound SSC and the technical challenges to be faced.

This is a unique opportunity to hear the inside story of one of mans greatest challenges, and ask questions of a man who makes you proud to be British.

To apply for tickets go to www.mgcc.co.uk or complete the form and send to the address shown below along with a cheque made payable to MGCC MGB REGISTER.

ENTRY TO THE LECTURE **£8.00 per person.**
