

Windscreen Shipping From Moss

As you can imagine there are problems associated with shipping large fragile items, in particular windscreens. We always suggest that windscreens should be collected from one of our branches to ensure you are able to transport your glass with the utmost of care. However, we understand that this is not always possible.

To minimise the possibility of damage to the windscreen in the shipping process, it is now Moss Europe's policy to ship windscreens packed in a wooden crate. This crate has an additional cost (of £35.00 +VAT) which is charged to the customer at the time of ordering the windscreen. A full refund is available for the cost of the crate if the crate is returned in an undamaged and re-useable condition.

The crate can be returned at the customer's convenience by carrier or in person at one of our branches. This return/refund offer is valid for a maximum of 2 years from the invoice date. Any return postage/shipping charge is non-refundable.

The crate's dimensions will also increase shipping costs, particularly in EU countries. The crate dimensions are 155cm x 36cm x 82cm.
